DISCUSSION

Please refer to the attached budget. It is of the utmost importance that both board members and staff participate in professional development and growth opportunities. Those opportunities should not be limited to staff presentations. The Lake County Office of Education and the Lake County School Districts are dynamic agencies requiring new and fresh perspectives that can only be nurtured by involvement in growth activities that are larger than Lake County. Our discussion should finalize planning for any additional professional growth activities for the remainder of the fiscal year, and lay the ground work for next year's budget planning.

FISCAL, STAFFING AND FACILITIES ISSUES
