Join us for a special series of informative presentations designed to address specific concerns facing our communities and agencies.

Session #1 — February 6 | 12:00 pm

Lake County Office of Education

Kesey Room

Basic Overview of Dependency Law and Process

Basic understanding of Dependency law and practice: Learning the court process from the filing of a petition to consider placing a child out of his/her home, in foster care, through the court hearings which will determine what the family would need to do to have the child returned or whether the child should have a different long term plan like adoption or guardianship.

Presented by: **Beth Bobby, Attorney at Law**
