Intro Page

The Lake County Board of Education recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The County Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others.

The Lake County Superintendent of Schools Office desires to provide an orderly, caring and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements.

The County Office encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds. The County Office shall provide instruction designed to promote positive racial and ethnic identity, help students understand diverse cultures, teach them to think critically about racial bias and show them how to deal with discriminatory behavior in appropriate ways.

The school/program sites shall promote nonviolent conflict resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. As part of this effort, students shall be taught the skills necessary to reduce violence, including communication skills, anger management, bias reduction and mediation skills. Staff shall receive training that implements and supports conflict resolution techniques, and training in conflict resolution techniques shall be available to parents/guardians and volunteers.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school/program site. The Lake County Superintendent of Schools or designee may initiate student courts, campus beautification projects, buddy systems, vandalism prevention campaigns and other similar programs. Staff shall encourage and reward success and achievement, participation in community projects and positive student conduct.

2.5 CA Healthy Kids Survey Data -

Results of student surveys indicate that most students are satisfied with the support they receive at school and feel as though the staff genuinely care about them. Most students report feeling safe at school. There has been a student who has reported not feeling safe at school, and measures have been taken to help the student to feel safer. For example, student felt unsafe with certain students on the bus and so the bus route has been altered so that the student is not sitting with students that instill fear, during the morning. In addition, student was moved to a different classroom with more mature peers. Also, some of the perceptions of the student not feeling safe may be more of a perception than reality. However, it is important to note that two incidents of physical aggression did occur this year, both in the high school classroom. The first incident had no visible antecedents. Video monitoring was reviewed for both incidents, and a verbal exchange could be observed prior to the second incident. There have been many opportunities for school connectedness through weekly outings, Nurturing Families Classes, and celebratory occasions which include parents.

Binge drinking has not been an issue on campus. One student has been caught smoking marijuana on campus. Other students have tried to wear clothing that advocated marijuana on it.

Clearlake Creativity School serves a population of students who all struggle with emotional issues. It is common for many of these students to struggle with depression as part of their mental health needs.

2.6 School Improvement Plan -

An ongoing issue at Clearlake Creativity School has been attendance. This year the truancy officer has been utilized and has made a difference with some of the students. A class by class attendance incentive will be discussed at a staff meeting to try to garner student "by- in" to the importance of attendance.

PBIS (Positive Behavior Intervention Support) is currently in the LCAP (Local Control Area Plan) and is strongly supported by Tenets of the TIERS program. (TIERS is the program that is followed at the Creativity School. It is specifically designed to support students with emotional disturbance.) Clearlake Creativity is in the early stages of PBIS implementation. We are currently in the process of obtaining staff buy in and scheduling professional development with Peter Kelly, the PBIS coordinator for the county.

Students are scheduled to take the California Healthy Kids Survey. In the past, there have not been enough students taking the survey to receive results. The staff at CCS realizes that academic achievement greatly suffers among students that experience mental health issues. Staff continues to realize the role that positive interactions between adults and students on campus can have on students' success.

The focus of PBIS is to address positive behavior intervention supports to provide positive learning experiences and expectations to students in an attempt to lower the number of suspension.

The implementation of PBIS at SCHOOL continues to be a strategic process. While our school has implementation Tier(s) 1-3 at the school site and a diverse PBIS team has been formed, implementation of PBIS to the fullest extent has not been completed. We plan to continue solidifying our PBIS tiers with additional trainings for all staff.

Incidents resulting in suspension under EC 48900(k) have greatly decreased, with no suspensions under EC 48900 (k) during the 2017 - 2018 school year. Overall suspension, chronic absenteeism and office discipline referral (ODRs) rates continue to decrease throughout the 2017 - 2018 school year.

2.7 Local Law Enforcement Juvenile Crime Data -

Although law enforcement has been called on numerous occasions, no one has been arrested on campus. Parents have been notified whenever law enforcement was called.

The School Safety Planning Committee shall make an assessment of the current status of school crime committed on campus and at school-related functions and of appropriate strategies and programs that will provide or maintain a high level of school safety. (Ed. Code 35924.2)

2.8 Property Damage Data - The weekends pose the biggest threat to school property damage, as transients enter the premise on a regular basis and use the campus for various activities that are unsafe for students or staff to be around. The staff walks around the property on a daily basis to check for drug paraphernalia and other unsavory items left on the campus premise.

The SELPA director has hired a company to patrol the campus for several hours during the evenings. They have recently been sending us email regarding the activity around the campus after hours.

It is not uncommon for students to damage school property when angry. We have had walls scratched and damaged, as well as light fixtures, desks, etc. Measures have been put in place to make it more difficult for students to damage wall surfaces. All repairs have been made in a timely manner by custodial staff at LCOE.

2.9 Other: Threat Assessment

The Lake County Office of Education (LCOE) has developed a comprehensive strategy for identifying problems, analyzing the cause, and implementing a plan to address them. The analysis of potential threats needs to include the following considerations:

- Areas on campus that may be unsupervised or provide opportunities for student on student harassment or violence

- Routes to school that may pose a risk to students who must walk or wait for public transportation
- Access points that could allow intruders to enter the campus without being screened by school personnel
- Facility threats such as exposed lighting fixtures that could be broken during sports activities, underground pipelines that could be damaged during renovations, or damaged electrical wiring (refer to the section on [Disaster preparedness/crisis response](#) for detail on how to deal with crises).
- Threats to student health (drug or sexual abuse, depression, or suicidal thoughts)

LCOE is committed to assuring the safety of all staff, students and community members. To help meet this end, a protocol has been implemented to assess student threats of violence, assist with conflict resolution, and document that process. This protocol is a model for our county and an important piece of our MTSS and PBIS projects, which aims to create a safe climate in all Lake County schools. It is designed to be completed by a team of responders which could include administrators, psychologists, counselors, school resource officers, social workers, nurses, teachers and other support personnel.

- The superintendent shall establish a threat assessment team, for the assessment of and intervention with individuals whose behavior may pose a threat to the safety of school staff or students.
- A particular threat assessment team may serve one or more schools as determined by the superintendent.
- Each team shall include persons with expertise in counseling, instruction, school administration, human resources, and law enforcement.
- Each team shall:
 - Provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self;
 - Identify members of the school community to whom threatening behavior should be reported; and
 - Implement school board policies for the assessment of and intervention with individuals whose behavior poses a threat to the safety of school staff or students.
- The superintendent may establish a committee charged with oversight of the threat assessment team(s). An existing committee may be designated to assume the oversight responsibility; however, any such committee established for oversight of the threat assessment team(s) shall include individuals with expertise in human resources, education, school administration, mental health, and law enforcement.

- All threat assessment teams, committee members, school employees, volunteers, and contractors are required to report any expressed threat(s) or behavior(s) that may represent a threat to the community, school, or self.
- In cases where determined to be appropriate, teams shall follow established procedures for referrals to community services boards or health care providers for evaluation or treatment.
- Regardless of threat assessment activities, disciplinary action and referral to law enforcement are to occur as required by school board policy and the Code of California.
- Upon a preliminary determination that a **student** poses a threat of violence or physical harm to self or others, the threat assessment team shall immediately report its determination to the superintendent or designee. The superintendent or designee shall immediately attempt to notify the student's parent or legal guardian.
 - Nothing in this policy shall preclude school committee/team personnel from acting immediately to address an imminent threat.
 - Nothing in this policy shall preclude the threat assessment team from notifying the superintendent (or designee) of any individual (other than a student) who poses a threat of violence or physical harm to self or others.
- Upon a preliminary determination (by the threat assessment team) that an individual poses: 1) a threat of violence to self or others or, 2) exhibits significantly disruptive behavior or, 3) need for assistance, members of the threat assessment team may request & obtain criminal history record information and health records.
 - No member of a threat assessment team shall re-disclose any criminal history record information or health information obtained pursuant to this section or otherwise use any record of an individual beyond the purpose for which such disclosure was made to the threat assessment team.
 - The threat assessment team may **not** maintain the criminal history record printed from the system access terminal, nor may they make copies of it.
 - Criminal history information may **not** be placed in a student's educational file.

3. Strategies and Programs (strategies specific to safety)

Safety has been and continues to be the number one priority for the students and staff at the Creativity School. As such, emergency drills are conducted monthly in consultation with the school resource officer and Director of Safety from LCOE. Staff meetings have been centered around ways to tighten procedures during lockdown and fire drills. Creativity School participated in the Great American Shakeout Earthquake Drill in October, 2017. During the lockdown drill that took place in December of 2017, CCS administration invited Officer Green and Rob Young, Director of Safety, to participate and provide valuable feedback. A debriefing was held the following Monday during the weekly staff meeting. One of the suggestions from the staff meeting debrief was to purchase walkie talkies for fast communication during a lockdown. Additionally, staff communicates with one another daily via cell phones that are kept on during the school day. Visitors are only allowed on campus

upon authorization from school personnel as the office door remains locked. Once inside the office, all visitors must check in and sign it at the front office. The Creativity School works in close concert with community resources such as Behavioral Health, Wraparound Services, Redwood Coast Regional Center, as well as the probation department. As mentioned, Officer Green, community resource officer, and John Dudding, truancy officer, have been great resources for the school as well. On campus, CCS benefits from a full time licensed family therapist, school psychologist intern, and two aides (one behavioral and one academic) per classroom. Class sizes at CCS are at a minimum, with the largest class having no more than 12 students.

3.1 Child Abuse Reporting Procedures

Child abuse and neglect must be reported to a child protective agency immediately as required by the California Penal Code, Chapter 916, and Sections 11164-11174.3. Agencies authorized to accept mandated reports are police, sheriff, and Child Protective Services (CPS). Mandated reporters include healthcare practitioners, childcare custodian, school employees and employees of a child protective agency. This includes EMTs and paramedics.

Neglect is defined as the negligent failure of a parent or caretaker to provide adequate food, clothing, shelter, medical/dental care, or supervision. Physical abuse is defined as a physical injury, including death, to a child which appears to have been inflicted by other than accidental means.

Sexual abuse is defined as sexual assault on, or the exploitation of a minor. Sexual assaults include rape, rape in concert (aiding or abetting or acting in concert with any person in the commission of a rape), incest, sodomy, oral copulation, penetration of genital or anal opening by a foreign object, and child molestation. It also includes lewd or lascivious conduct with a child under the age of fourteen years, which may apply to any lewd touching if done with the intention of arousing or gratifying the sexual desire of either the person involved or the child. Sexual exploitation includes conduct or activities related to pornography depicting minors, and promoting prostitution by minors.

A child is any person under the age of eighteen.

The purpose of reporting suspected child abuse/neglect is to protect the child, prevent further abuse of the child and other children in the home, and begin treatment of the entire family. The inflection of injury, rather than the degree of that injury, is the determination for intervention by the CPS and law enforcement.

When a mandated reporter has knowledge of or has observed child abuse or neglect, that individual is required to report to the local law enforcement and/or to the CPS immediately or as soon as practically possible by telephone and shall complete the suspected child abuse report form within 36 hours. Those persons legally required to report suspected child abuse have immunity from criminal or civil liability for reporting as required. Reporting forms are available in the main office or from any administrator or EPS.

You may contact the local police or sheriff's department, or child protective services. The phone numbers are:

- Child Protective Services (707) 262-0235
- Sheriff's Department (707) 263-2331
- Lakeport Police Department (707) 263-5491
- Clearlake Police Department (707) 994-8251

Retain the yellow copy of the suspected Child Abuse Report Form SS8572 for your records and submit top three copies (white, blue and green) to the CPS agency.

Further details are outlined in the Lake County Office of Education Board Policy 5141.4

3.2 Disaster Procedures, Routine and Emergency, Including Students with Disabilities (read 3.2 to see if changes are necessary)

In order to save lives and protect property, all District staff and students must be prepared to respond quickly and responsibly to emergencies, disasters and events, which threaten to result in a disaster. Appropriate drills and trainings will occur throughout the school year.

The Superintendent/Principal or designee has developed and maintained a multi-hazard emergency preparedness plan, which details provisions for handling all foreseeable emergencies and disasters. The plan includes working plans and procedures specific to the school and its students, and is reviewed/updated annually. This plan also contains available district and outside agency resources, emergency disaster procedures and information on Standardized Emergency Management System (SEMS). The manual is located in the school/district office. A contingency plan for emergencies is contained on a clipboard available to each staff member.

Pupils with disabilities: IDEA requires that planning for the educational success of these students is done on an individual, case-by case basis through the development of an Individual Education Program (IEP). The IEP is written statement developed for each child with a disability that outlines measurable annual goals for each child's academic achievement and functional performance and specifies accommodations and modifications to be provided for the student.

Students with special needs who are self-sufficient under normal circumstances may have to rely on others in an emergency. They may require additional assistance during and after an incident in functional areas, including, but not limited to: communication transportation, supervision, medical care, and reestablishing independence. While not explicitly stated, a component of the IEP for related services must consider the particular needs of the child to ensure his or her safety during an emergency that includes evacuation from a classroom and building.

3.2.1 Fire Drill/Evacuations -

No fire alarm will be ignored. Fire alarms have been used to force an evacuation with the intent of harming the evacuees. While no fire alarm will ever be ignored, when no evidence of a fire is present, implement Secondary Attached Countermeasures. If you know the alarm to be false, you may cancel the evacuation order, however, 9-1-1 MUST be notified.

Fire/Fire Alarm:

- Call 9-1-1 and SRO.
- Notify Incident Management Team and place them on stand-by.
- Team members should forward information immediately regarding unusable/unsafe exits.
- Select rally point and request police presence there.
- Announce the need to evacuate, if necessary, and list areas to avoid.
- Establish Exterior Command Post.
- Ensure Liaison Officer is available to assist emergency response personnel as necessary.
 - Provide keys to the facility
 - Provide floor plans
 - Provide utility shutoff information
 - Student roster
- Notify Public Information Office.
- Arrange for transportation to shelter areas if necessary.
- Prevent people and students from gathering near parked cars and emergency vehicles.
- Make arrangements for family reunification.
- Announce “all clear” when directed by emergency response personnel.

Fire Extinguisher Instructions:

P – Pull safety pin from the handle;

A – Aim at the base of the fire;

S – Squeeze the trigger handle;

S – Sweep from side to side.

If your clothes (or someone else’s) catch fire, STOP, DROP AND ROLL!

- Principal will be accountable for teachers and school district staff. Teachers will be accountable for students.
- Notify Superintendent/Assistant Superintendent of incident.

The principal/program administrator shall hold fire drills at least once a month at the elementary level, four times every school/program site year at the intermediate level, and not less than twice every school/program site year at the secondary level. (Education Code 32001)

(See attached map of facilities in Appendix, page 1).

3.2.2 Lock Down/Active Shooter/Intruder/Attack

When deemed necessary by school administrators or law enforcement officials, the school will be placed in a “lockdown” status. An announcement will be made via our phone intercom system, “Attention students and staff, please go to immediate lockdown status.” While in lockdown, classroom doors are to remain closed and locked and window coverings are to be closed. Take cover inside room by laying flat on the floor, hiding behind desks or any furniture, and staying away from all windows. Students in the room are to remain inside. All staff are to assist students outside enter a secure, indoors area. Teachers must take roll when a lockdown is called and any student not assigned to that class must be added to the roll list. All bells and “Fire Alarms” will be ignored including the end of the day bell. **Do not open the door for any reason or for any person.** Students that are outside when a shooting starts, should **RUN** as fast and as far from the shooter as possible. Everyone is to remain in lockdown status until the site administrator or law enforcement official announces an all clear. Once the immediate danger has passed, and at the direction of law enforcement, the site will be evacuated or regular school activities will resume.

3.2.3 Earthquake

Earthquake emergency procedures shall be established in every school/program site building having an occupant capacity of 50 or more students, or more than one classroom, and shall be incorporated into the comprehensive school/program site safety plan. (Education Code 32282)

Earthquake emergency procedures shall be aligned with the Standardized Emergency Management System and the National Incident Management System. (Government Code 8607; 19 CCR 2400-2450)

Earthquake emergency procedures shall include, but not be limited to, all of the following: (Education Code 32282)

1. A school/program site building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff 38
2. A drop procedure whereby each student and staff member takes cover under a table or desk, dropping to his/her knees, with the head protected by the arms and the back to the windows
3. Drop procedures shall be practiced at least once each school/program site quarter in elementary school/program sites and at least once each semester in secondary school/program sites.
4. Protective measures to be taken before, during, and following an earthquake
5. A program to ensure that students and staff are aware of and properly trained in the earthquake emergency procedure system

The Lake County Superintendent of Schools or designee may work with the California Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedures. (Education Code 32282)

Earthquake emergency procedures shall outline the roles and responsibilities of students and staff during and after an earthquake.

Staff and students shall be informed of the dangers to expect in an earthquake and procedures to be followed. Students shall be instructed to remain silent and follow directions given by staff in such an emergency. Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school/program site when an earthquake occurs.

Earthquake emergency procedures shall designate outside areas and alternative areas, which may include areas off campus if necessary, in which students will assemble following evacuation. In designating such areas, the Superintendent or designee shall consider potential post-earthquake hazards outside school/program site buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be an electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures shall designate evacuation routes and alternative routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The County Superintendent or designee shall identify potential earthquake hazards in classrooms and other County Office facilities. Potential hazards may include, but are not limited to, areas where the main gas supply or electric current enters the building, suspended ceilings, pendant light fixtures, large windows, stairwells, science laboratories, storage areas for hazardous materials, shop areas, and unsecured furniture and equipment. To the extent possible, such shall be minimized by securing equipment and furnishings and removing heavy objects from high shelves.

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.
2. In laboratories, burners should be extinguished if possible before taking cover.
3. As soon as possible, staff shall move students away from windows, shelves, and heavy objects and furniture that may fall.
4. After the earthquake, the principal/program administrator or designee shall determine whether planned evacuation routes and assembly areas are safe and shall communicate with teachers and other staff.
5. When directed by the principal/program administrator or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and have the students evacuate the building in an orderly manner.

Earthquake While Outdoors on School Grounds

When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are outdoors on school/program site grounds:

1. Staff shall direct students to walk away from buildings, trees, overhead power lines, power poles, or exposed wires.
2. Staff shall have students perform the drop procedure.
3. Staff shall have students stay in the open until the earthquake is over or until further directions are given.

Earthquake While on the Bus

If students are on the school/program site bus when an earthquake occurs, the bus driver shall take proper precautions to ensure student safety. The driver shall pull to the side of the road, away from any outside hazards if possible, and turn off the ignition. As soon as possible, the driver shall contact the County Superintendent or designee for instructions before proceeding on the route.

Subsequent Emergency Procedures

After the earthquake has subsided, the following actions shall be taken:

1. Staff shall extinguish small fires if possible.
2. Staff shall provide assistance to any injured students, take roll, and report missing students to the principal/program administrator or designee.
3. Staff and students shall not light any stoves or burners until the area is declared safe.
4. All buildings shall be inspected for water and gas leaks, electrical breakages, and large cracks or earth slippage affecting buildings.
5. The principal/program administrator or designee shall post staff at a safe distance from all building entrances and instruct staff and students to not reenter until the buildings are declared safe.
6. The principal/program administrator or designee shall request assistance as needed from the county or city civil defense office, fire and police departments, city and county building inspectors, and utility companies and shall confer with them regarding the advisability of closing the school/program site.
7. The principal/program administrator or designee shall contact the Superintendent or designee and request further instructions after assessing the earthquake damage.

The Lake County Superintendent of Schools or designee shall periodically evaluate the adequacy and design of existing County Office facilities to determine whether they meet the needs of the instructional program, provide a healthful and pleasing environment for students and staff, and fulfill legal requirements for safety and structural soundness, access for the disabled and energy conservation.

3.2.4 Emergency Facility Use

In the event of an emergency in the community or surrounding area, Clearlake Creativity School has been designated as an emergency shelter location and will cooperate with the County of Lake, Lake County Office of Education's Emergency Services Coordinator, and the Red Cross as requested.

3.2.5 Active Shooter

The Lake County Office of Education/Clearlake Creativity School will cooperate with law enforcement in any crisis. The following guidance is provided by the Clearlake Police Department in the event of an active shooter on school grounds:

RUN: When an active shooter is in your vicinity:

- If there is an escape path, attempt to evacuate
- Evacuate whether others agree to or not
- Leave your belongings behind
- Help others escape if possible
- Prevent others from entering the area
- Call 911 when you are safe

HIDE: If evacuation is not possible, find a place to hide:

- Lock and/or blockade the door
- Silence your cell phone
- Hide behind large objects
- Remain very quiet

(YOUR HIDING PLACE SHOULD):

- Be out of the shooter's view
- Provide protection if shots are fired in your direction
- Do not trap or restrict your options for movement

FIGHT: As a last resort, and only if your life is in danger

- Attempt to incapacitate the shooter
- Act with physical aggression
- Improvise weapons
- Commit to your actions

911: When Law Enforcement Arrives:

Remain calm and follow instructions;

- Don't make any sudden movements/avoid pointing or yelling;
- Keep your hands visible at all times with your hands in the hand up signal position;
- Know that help for the injured is on its way;
- Leave backpacks, purses, and other items behind.

4. Suspensions and Expulsion

4.1 Suspension

Suspension is a disciplinary action which means removal of a student from ongoing instruction for a period of time not to exceed five (5) consecutive school days per offense. Suspension by an administrator shall be preceded by an informal conference between the administrator and the student unless an emergency situation to be determined by the principal or designee exists. A student’s parent/guardian shall be notified in writing of the suspension. Although the district is not required to hold a conference with the parent/guardian, the parent/guardian is required to attend such a conference when so requested by the district. A pupil may be suspended or expelled for acts which are enumerated in this policy and related to school activity or attendance that occur at any time, including but not limited to, any of the following: 1) While on school grounds; 2) While going to or coming from school; 3) During the lunch period; 4) During, or while going to or coming from, a school sponsored activity (E.C. 48900p). At the discretion of the school administration, a student may receive “in-house” suspension, serving the term of suspension on campus under the supervision of school staff (E.C. 48911.1). Make-up work may be allowed. It is up to each individual teacher to accept make-up work done during suspension.

A student who has been suspended out of school is not permitted to enter school grounds unless permission has been granted by the administration.

4.2 Expulsion

Expulsion means the removal of a student from enrollment in school or the district as ordered by the Board of Education. Expulsion may be ordered for any of the acts listed under Grounds for Suspension and Expulsion when other means of correction have failed to bring about proper conduct, or when a student’s presence causes continuing danger to other students. As defined in

E.C. 48915 (c), 1) possessing, selling, or otherwise furnishing a firearm; 2) brandishing a knife at another person; 3) unlawfully selling a controlled substance; 4) committing or attempting to commit a sexual assault or committing sexual battery; 5) or possession of any explosives, requires the principal to recommend expulsion. The length of expulsion for any of these offenses shall be one year. Parents of an expelled student are required to notify the receiving district that the student has been expelled. (E.C. 48915.1)

10. Possession of explosive

Any of the above may be referred to a law enforcement agency.

Suspended students will receive a loss of school privileges in addition to consequences listed in the Offense Categories of this policy. The following guidelines offer a range of consequences administrators may impose based on administrator discretion of the incident following a thorough investigation:

- | | |
|---------------------------|--|
| 1. One day suspension = | 3 school days loss of school privileges |
| 2. Two day suspension = | 5 school days loss of school privileges |
| 3. Three day suspension = | 10 school days loss of school privileges |
| 4. Four day suspension = | 15 school days loss of school privileges |
| 5. Five day suspension = | 20 school days loss of school privileges |

5. Procedures to Notify Teachers of Dangerous Pupils

Each September and as needed throughout the year upon review of new student's records, teachers will be provide a list of enrolled students who have one or more suspensions of a serious

or violent nature. The list will include data from the previous two school years. The following procedure will be used in notifying teachers of the suspension history:

1. Suspension lists are provided to each teacher using a routing sheet. All teachers initial the routing slip indicating their review of the data.
2. Teachers are advised about the confidential nature of the data.
3. All routing sheets and suspension reports are to be returned and filed in the school office.

To notify teachers of suspension as they occur during the school year, the following process is used:

1. Teachers and counselors will be provided a written notice of suspension of one of their students.
2. When students are administratively transferred from one school to another for disciplinary reasons, teachers to who the student is assigned at the new school are notified by the school administration and provided with written information about the reasons for the student's transfer.

6. Annual Notice of Uniform Complaint Procedures (Non-Discrimination)

Harassment Policy:

The district is committed to providing an educational environment free of unlawful harassment. The district maintains a strict policy prohibiting harassment of students because of sex, race, color, national origin, ethnicity, religion, age, physical or mental disability, blindness or severely impaired vision or any other bases protected by federal, state or local law, ordinance, or regulation. All such harassment is unlawful. Irrespective of law, the District believes that all such harassment is offensive. The District's anti-harassment policy applies to all persons involved in the District's educational environment and prohibits unlawful harassment by any District student or any employee of the District, including verbal, physical and visual conduct, threats, demands and retaliation, is prohibited. Violation of this policy by a student may result in discipline, which may include suspension or expulsion, depending on the nature or seriousness of the violation. (See Education Code Sections 48900 and 48900.2)

Bullying and Cyber-Bullying Policy:

“Harassment, Intimidation, Bullying or Hate behaviors” means any intentional written, verbal, or physical act, when the intentional written, verbal or physical act:

- Physically harms a student or damages the student's property; or
- Has the effect of substantially interfering with a student's education; or
- Is severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
- Has the effect of substantially disrupting the orderly operation of the school.”

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not disrupt the education environment.

This policy also includes Cyber-Bullying.

California Ed Code 48900r states “Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act, as defined in subdivisions (f) and (g) of Section 32261, directed specifically toward a pupil or school personnel.” Violation of Ed Code 48900r is a Suspendable offense.

In these current times the prevalence of social media (Facebook, Twitter, You-Tube, etc.) websites and the access available for student use brings with it the possibility of bullying via posts or texts that are harmful, hurtful, or threatening. This can include inappropriate, violent, gang-related, harmful, hurtful, and/or threatening videos, photographs, posts, texts, or other forms of electronic media. When this happens with students, the impact is negative for both students, families, and the school. Clearlake Creativity School recommends that parents be active in their children’s online social media accounts and monitor for safety and appropriateness. When cyber-bullying comes to the attention of the school, the school will take action as per educational code. **THIS RULE APPLIES TO OFF-CAMPUS COMPUTER AND CELL PHONE USE THAT INTERFERES, INTERRUPTS, OR HARMS STUDENT AND/OR STUDENT LEARNING.**

Informal Process:

Complaints must be investigated by school personnel. Informal remedies include an opportunity for the complainant(s) to explain to the alleged perpetrator that the conduct is unwelcome or disruptive either in writing or face to face; a statement from a staff member to the alleged perpetrator that the alleged conduct is not appropriate and could lead to discipline if proven or repeated; or a general public statement from an administrator while reviewing the harassment, intimidation and bullying policy without identifying the complainant, parent or guardian.

Formal Complaint Process:

Anyone may initiate a formal complaint process of harassment, intimidation or bullying, even if the informal complaint process is being utilized. Complainant(s) should not be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearing may result. Efforts should be made to increase the confidence and trust of the person making the complaint.

1. All formal complaints will be documented.
2. Formal complaints shall set forth specific acts, conditions or circumstances alleged to have occurred that may constitute harassment, intimidation or bullying.
3. When the investigation is completed a full written report of the complaint and the result of the investigation shall be compiled.
4. At that point a response shall be made to the complainant stating:
 1. That the school intends to take corrective action; or

2. That the investigation is incomplete to date and will be continuing; or
3. The school has not found adequate evidence to conclude that bullying, harassment or intimidation occurred.
5. If the student(s) remain aggrieved by the school's response, the student(s) may pursue the complaint through the superintendent's office.

You may wish to consider using local community resources, including community agencies, public advocacy groups, local mediation centers, and non-profit legal agencies. Lake County Dispute Resolution Services can be reached via telephone at 707-263-6800.

7. Dress Code

In order to maintain a positive educational environment, the following student guidelines are established:

1. No clothing or symbols that refer to illegal substances such as tobacco, alcohol, or drugs.
2. Undergarments must be worn at all times. Sport bras must be covered and males must wear shirts at all times during school, except during sports activities. Pants must be pulled up over undergarments.
3. No clothing or attire that represents or suggests a gang or gang activity. Some examples include but are not limited to "Ben Davis" or "UPS" shirts, bandannas, hairnets, or oversized belts that are not tucked in belt loops.
4. No clothing that contains inappropriate or offensive language, symbols, or pictures such as "Big Johnson" shirts or sexually suggestive messages.
5. No exposed breasts, buttocks, bare backs, or midriffs.
6. Footwear must be worn at all times.
7. Any clothing or accessories that present a potential threat to student safety will not be permitted.
8. Any clothing that creates a disruption in the educational environment will not be allowed.

A violation of the dress policy will be addressed in the following manner:

First Offense: The student will be given a verbal warning and be asked to remove or cover the inappropriate item of clothing, T-shirt and/or sweats will be offered if needed.

Second Offense: The student's parents will be contacted after removal or covering of the inappropriate item.

Third Offense: The student will not be allowed into class until the inappropriate item is

removed or covered up. Parent notification, behavior contract.

The safety of a student will not be jeopardized by his or her attire or grooming. The Administration reserves the right to make all final decisions and/or judgments pertaining to the dress policy.

8. Procedures for Safe Ingress and Egress how kids get here, etc. enclosed fence, sidewalks for walking, etc.

Most students at CCS are brought to school utilizing a small van or bus from their home districts. There are a few students who have their parent drive them in a personal vehicle. A few students live close enough that they are able to walk from home. Sidewalks are available for students who walk to the neighboring apartments. School maps with evacuation routes are posted in each classroom, the office and kitchen areas. Visitors are allowed on campus via a locked office which must be unlocked by a staff member in order to be let inside. Once inside, visitors are required to sign in and out. Perimeter doors are kept locked at all times. Two gates are able to be closed with locking doors in the event of a lockdown, although students and staff are able to safely push them open to exit. A crossing guard is not necessary at CCS as students do not cross the street to walk home.

9. Safe and Orderly School

In order to create and maintain a safe and orderly environment, Clearlake Creativity School annually publishes and distributes to student and parents our behavioral expectations and the consequences for violating them. Teachers review rules, safety, and school environment expectations each year with their students via the Student Handbook.

Positive pupil interpersonal relations are fostered by teaching social-personal skills, encouraging pupils to feel comfortable assisting others to get help when needed and teaching pupils alternative, socially appropriate replacement responses to violence, including, but not limited to problem solving and anger control skills. When appropriate, staff members shall make referrals to recognized community agencies and/or counseling and mental health resources in the community to assist parents/student with issues of prevention and intervention.

Administrator, teachers and campus monitors are out on campus to monitor student behavior frequently and at all times when students are not required to be in class.

10. Discipline

10.1 School Wide Discipline Policy

Clearlake Creativity School has started the process of implementing Year 1 of PBIS (Positive Behavior Intervention Systems) last year and will continue with Year 2 of the program during the 2018-2019 school year.

One of the keys to learning is good discipline. Without proper discipline, the quality of education decreases. By us providing a safe and quality learning environment, a student will find more success and will also learn to be self-disciplined. The discipline at the Clearlake Creativity School has been formed to provide for maximum protection of individual rights and provide for safe conditions to reduce the chance of accidents, injuries, bullying, and classroom disruption.

All school rules/expectations are in place during school hours, on busses, at bus stops, traveling to and from school, school sponsored events, fieldtrips, class trips, etc. School discipline remains in effect and consequences may be assigned if warranted.

We have simple, plain, and consistent behavior expectations and consequences for those who choose to deviate from these expectations. Every effort is taken to deal with each infraction and every child is treated individually so the human element is not lost in determining the consequences.

Discipline begins with the teacher in the classroom. The students will be aware of the classroom rules that are employed by the teacher. The teacher will employ a variety of techniques to help a student overcome his/her difficulties. If the problem persists or is serious in nature, the Principal and parents will handle it.

Students are expected to be respectful and safe to each other and adults. Polite and orderly behavior is expected of all students. If the behavior is unacceptable, the student will receive some form of consequence from loss of recess time to loss of "points" or Honor Room Privileges. In some circumstances a child will be suspended. In extreme cases, a student will be recommended for expulsion.

Our basic school rules are as follows:

1. Be Safe.
2. Be Respectful.
3. Be Responsible.

From this basic set of school rules and expectations, teachers, staff, and administrators may draw up more specific rules in order to provide order and safety at school. Clearlake Creativity School follows a positive discipline policy for common school infractions, as well as bus citations and office referrals. The discipline program at CCS is based on the TIERS program:

- Step 1 – loss of safety, respect, or responsibility points for 1 interval of time.
- Step 2 – No "honors" time if under 80% for the day.
- Step 3 – Office Referral to principal, depending on level
- Step 4 – No bonus points during non-compliance or Friday "Outing" (field trip)
- Step 5 – "Folders" work in the "Reboot" or "Folders" room
- Step 6 – 1-5 days of suspension or alternate discipline measure

There are 3 levels at CCS in order for a student to be eligible to return to their home school. There are specific parameters of behavior/compliance that must be met at each level in order for

a student to advance to the next level. (In depth explanation of Tiers program is available in CCS office).

10.2 School Discipline Matrix

Below is the **Discipline Matrix** that details specific discipline infractions and consequences related to them. The matrix is progressive in nature. For example, consequences for fighting the first time are different than consequences for fighting the second time, and so on. *The school administration reserves the right to objectively determine the consequences based on the seriousness of a particular infraction.*

11 Safety Plan Compliance

California law requires the Comprehensive School Safety Plan of each school to be annually evaluated and amended, as needed, to ensure the plan is being properly implemented (Education Code 35294.2[e]). An updated file of all safety-related plans and materials is maintained by Clearlake Creativity School/LCOE and is readily available for inspection by the public.

11.1 Safety Plan Approval

In order to ensure compliance with this article, each school shall forward its comprehensive school safety plan to the school district or county office of education for approval.

11.2 Safety Plan Dissemination

(1) Before adopting its comprehensive school safety plan, the school site council or school safety planning committee shall hold a public meeting at the school site in order to allow members of the public the opportunity to express an opinion about the school safety plan.

(2) The school site council or school safety planning committee shall notify, in writing, the following persons and entities, if available, of the public meeting:

(A) The local mayor.

(B) A representative of each parent organization at the school site, including the parent teacher association and parent teacher clubs.

(C) A representative of the student body government.

(D) All persons who have indicated they want to be notified.

(3) The school site council or school safety planning committee is encouraged to notify, in writing, the following persons and entities, if available, of the public meeting:

- Public Posting 72 hours before school site meeting is held.

In order to ensure compliance with this article, each school district or county office of education shall annually notify the State Department of Education by October 15 of any schools that have not complied with Section 32281.
