

LAKE COUNTY OFFICE OF EDUCATION  
Office of the Superintendent

**Transfer of SELPA Buses**

**ISSUE**

Transfer of SELPA buses to the school districts for special education transportation to the regional programs within the county (Clearlake Creativity School and Kelseyville Moderate/Severe regional programs).

**BACKGROUND/PREVIOUS BOARD ACTIVITY**

Kelseyville, Konocti and Middletown school districts currently provide all transportation for special education students.

**DISCUSSION**

The Governance Council, along with SELPA have worked together to develop a transportation plan to meet the needs of Lake County special education students. This plan involves a memorandum of understanding with Kelseyville Unified School District to provide regional services for the county school districts special education student who require more specialized services and supports than the districts can currently provide. In addition to the memorandum of understanding, it was agreed that the SELPA buses would be distributed to the districts who are participating in the regional program. The individual districts who have students participating in the regional program require transportation.

**FISCAL, STAFFING, AND FACILITIES**

The purpose of the transfer of buses to the district is to decrease the liability to the SELPA and County Office with regard to insurance costs, repair costs and liability in the event of accidents (as the districts would own the buses).

SELPA and the County would see a decrease in costs with regard to insurance and repair expenditures.

**SUPERINTENDENT'S RECOMMENDATION**

The County Superintendent of Schools recommends approval of the transfer of SELPA buses to the districts (see attached).

Report prepared by: Sharon Hjella, Sr. SELPA Director
