

Get ready for the 2019 CCBE Annual Conference!

Save more than \$100 off the late registration rate

Registration is now open to attend the **2019 CCBE Annual Conference** at the Hyatt Regency Monterey Hotel, Sept. 13-15.

This year's theme is "Educational Changes on the Horizon: What and how to prepare for them." County board members will have the opportunity to focus on specific issues which impact them and to network with other county board members. Speakers and programs will highlight best practices, real-world tools, and new ideas which address the unique issues faced by county boards and the students they serve now and in the future. For new board members, the conference will be a delightful chance to reach out and network with fellow board members and for all attendees to share tips and best practices.

Don't miss out on the exciting workshops, keynote sessions and ample networking opportunities that await you!

Masters in Governance

Governance Education for School Board Members and Superintendents

CSBA's Masters in Governance program equips board members and superintendents with the knowledge and skills to build and support an effective governance structure.

The retooled program includes the same core governance principles that have made it the standard for board member professional development across the country but with an accelerated timeline, convenient format and program flexibility for busy professionals. The program allows you to complete the program at your own pace.

When you register for one of the [five courses](#), you'll have access to materials and useful handouts to share with other members of your governance team via My CSBA at www.csba.org. Each course will have pre-course assignments which need to be completed prior to attending the full-day course.

Program modules are offered at various locations statewide throughout the year, allowing participants the flexibility to choose where and when to attend.

More than 2,000 board members and superintendents have participated in CSBA's highly-acclaimed Masters in Governance program. Ninety percent of graduates strongly recommend this program for governance teams; and more than 80 percent reported that the overall program gave them the knowledge base needed to perform their governance responsibilities.
